Elisa J. Velazquez, D.M.D., M.S.D.

BOARD CERTIFIED
Dentistry for Infants and Children

We would like to welcome you and your family to our practice of pediatric dentistry. We are happy that you chose us for your dental care, and we will do our best to assure that your child's dental experience will be an enjoyable and pleasant one.

Your child's first visit will be approximately 30 minutes and will include:

- Meeting the staff and becoming familiar with the office
- A thorough oral examination, oral cancer screening, bite evaluation, soft tissue analysis, oral hygiene instruction, fluoride and dietary counseling
- Any necessary x-rays and a discussion regarding their interpretation
- A diagnosis concerning your child's dental care, a treatment plan and consultation
- A chance for you to ask questions
- A cleaning and fluoride treatment

You are welcome to be present while your child receives their dental care.

We are available by telephone through our office staff or answering service 24 hours a day and will respond to emergency calls promptly (The doctors after hours number is also available). Your child's needs and care are our ultimate concern and we would like to be contacted in the event of pain or injury.

It is our office policy that the fee for the initial visit, as well as recare visits, be paid in full. We would be happy to give you a paid receipt to submit to your insurance company for reimbursement. For treatment visits, depending on your coverage, it would be our pleasure to try to work together with you and your insurance carrier. Methods of payment include: cash, Visa, Mastercard, American Express, Discover, debit cards, and we now offer Care Credit. No personal checks will be accepted.

If you need to change your appointment, please give the office 24 hours notice.

Enclosed you will find a medical / dental history form. Please fill it out and bring it with you. If you have dental insurance, please bring your insurance ID card and any necessary forms.

We want to help give your children the best possible change to grow up with healthy teeth and beautiful smiles; with your understanding and cooperation we hope to achieve this goal.

Once again we thank you for choosing our office and we look forward to meeting you and your family.
